K mart's Employee Savings Plan

Something Good is Getting Better

There's more good news about K mart's Savings Plan which began on July 1, 1982. This coming October, employees will be able to make contributions to the plan with **before tax** dollars as well as with **after tax** dollars as at present.

Commencing October 1, 1983, an eligible employee will be able to save in the Plan in a different way — with before tax dollars. Under the new provision, the employee can direct that
